Your provider network is Ameritas Classic and Plus Network.

Pretreatment

While we don't require a pretreatment authorization form for any procedure, we recommend them for any dental work you consider expensive. As a smart consumer, it's best for you to know your share of the cost up front. Simply ask your dentist to submit the information for a pretreatment estimate to our customer relations department. We'll inform both you and your dentist of the exact amount your insurance will cover and the amount that you will be responsible for. That way, there won't be any surprises once the work has been completed.

Dental Cost Estimator

Members can use our dental cost estimator at any time to find average procedure charges in their area. The estimates do not include network discounts or plan benefits. Find the dental cost estimator at ameritas.com/applications/group/estimator.

After coverage begins, members can view average in-network charges in their secure member account. Members also may ask their dentist's office to submit a pretreatment estimate so they can see exactly how a proposed service would be covered and avoid any surprises. The pretreatment estimate is based on their plan benefits.

U&C

We determine the Usual and Customary (U&C) allowance listed on the plan summary page using information including data from a nationally recognized independent data source. Plan members are reimbursed based on the appropriate charges in the dentist's ZIP Code area. We review our U&C allowances annually.

- 90th U&C means 9 out of 10 dentists in a specific ZIP Code area charge at or below the plan allowance for a procedure.
