

VSP's Member Vision Card is the solution for employees requesting a vision insurance card. This print-on-demand card is available now through the **member site** on **vsp.com**.

The Member Vision Card contains personalized information including: Member name, coverage type (Member Only, Family, etc.), doctor network and copays. Because it is personalized, it is generated on a case-by-case basis, one card at a time, and not en masse. The Member Vision Card is a convenience for members and is not required to obtain services. As always, full benefit information is available through the **member site** on **vsp.com** or through **Customer Care at 1-800-877-7195**. Here are the steps to print your Member Vision Card.

- Log into vsp.com as a member
- Click on "Member Vision Card" on the bottom left-hand side of the page in green.
- Your ID card will populate
- Click on the printer icon above the card to print

Protected Health Information (PHI) such as member ID number and date of birth is not included on the card. VSP is committed to protecting the privacy and security of our members and their data. Including PHI can put members at risk of identity theft if the printed card is lost or stolen.
